CUSTOMER FEEDBACK

Barbie Forteza

I'm so happy to finally share with you where I got these beautiful doors for my home! Thank you so much PATECO.

Architect Shamcey Supsup

When one door closes, another one opens. It's the Universe's way of steering you toward your true path—trust the process.

CENTER MOULDING

Decorative trim pieces typically installed horizontally on walls, often at chair-rail height or mid-wall, to add visual interest and break up large wall spaces.

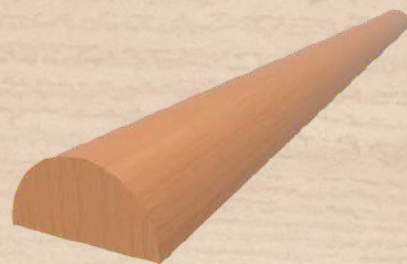

CM 1-2 18 x 36

CM 1/2 - 1 9 x 20

HALF ROUND

Small trim molding with a curved, quarter-circle profile. It is typically used at the base of baseboards or along cabinetry and flooring edges to cover gaps and create a smooth, finished transition between surfaces.

HR M

7 x 18

QUARTER C/ROUND

Used as shoe molding to hide any gaps or irregularities between the bottom of the baseboard and the floor, it is also known as base shoe molding.

QC 1-1
16 x 16

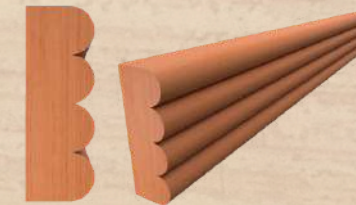

QR 1-1
16 x 16

LINING

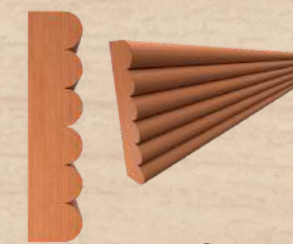

Used to cover the interior surfaces of walls or ceilings. These boards are typically decorative and may be installed vertically, horizontally, or diagonally.

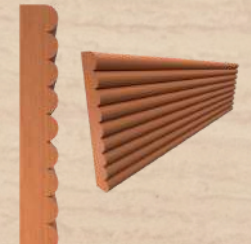

L 1-2

14 x 39

L 1-3

14 x 59

L 1-4

14 x 89

**AVAILABLE LENGTH IN
SOLID OR FL:**

8FT
10FT
12FT

CASING

Used to frame windows and doors. It covers the gap between the wall surface and the window or door frame, adding a finished look.

9 x 66
